Press Release

Jamestown Soccer Club Teams with ZOOM REPORTS

Jamestown, NC – May 18th 2010: The Jamestown Soccer Club (JSC) has teamed with [ZoomReports](#) for the 2010-2011 season. [ZoomReports](#) is a tool that helps coaches track their player's progress from season to season and more efficiently gives feedback on how players can improve. Coaches will be able to log in through the internet to create, view and update player evaluations and monitor their improvement.

[ZoomReports](#) is a new concept that is quickly gaining acceptance across the country. The development process has included other clubs throughout the United States and Canada. "The Jamestown Soccer Club wants to provide the membership a high level of service and tools such as Zoom reports will allow us to the high standards we continue to strive for. A Players evaluation is essentially a kin to a child's school report and it has high value to our customer as it enables us to provide our coaches and in turn our players and parents a professional and consistent standard in which we can provide player's feedback. We have piloted this program through a couple of our older boys teams this year with great success and the new online system at www.zoomreports.com will help us keep track each player's development."

[ZoomReports](#) Co-Founder Tim Glowienka states that, "I'm excited to team up with the Jamestown Soccer Club. Their vision of providing an unmatched level of service is one we share at [ZoomReports](#) as it's our mission to help facilitate the conversation between coaches and players/parents and with overall player development."

About Jamestown Soccer Club and Jamestown Youth League

The Jamestown Soccer Club (JSC) is a part of the Jamestown Youth League which is nonprofit multisport organization. The JSC organization is committed to providing Premier, Classic and Challenge levels of competition for players between the ages of 8 and 19. We are a United States Youth Soccer Association (USYSA) approved Club, a North Carolina Youth Soccer Association (NCYSA) affiliate and a US Club Soccer member. The Jammers teams consistently compete in tournaments throughout the south east region of the United States and have won national, regional and state titles.

The Jamestown Youth League provides several recreational sports (Fall and Spring Baseball and Girls Softball - Winter Basketball - Cheerleading and Golf Camps and Fall and Spring Soccer).
